First name: WILLIAM

Last name: MORGAN

Organization:

Title:

Comments: I do not want further restrictions to travel over national forest lands. I love hunting, bird watching, fishing etc. I am getting older as well as my friends and we are not able to walk great distances or climb hills as I once was so travel by atv is one of the only ways for me and my friends to get to experience wild places anymore. I worked all my life and have paid taxes and fees and licenses so I don't want my access limited.
