Last name: Stephens

Organization:

Title:

Comments: PLEASE keep this area accessible to bike travel. I am for protecting the area but don't want to see it limited to only Hikers and Horses. Bikes are just as respectable of the sensitive area and shouldn't be limited to travel preferences. If the area is that sensitive only allow a limited amount of each group to use the area per day.

We don't need another Boulder White Cloud disaster!

Thanks for your consideration,

Sean Stephens
