First name: John

Last name: Coulter

Organization:

Title:

Comments: I am 70 years old. I've hunted and fish my entire life. I've been to Africa 15 times and I have a grand slam wild sheep. My life is wonderful mainly because I've been able to keep the federal government out of it. I am opposed to the federal government regulating any aspect of Our Lives other than the very most minimal. I am a patriot and I love this country, but I do not trust my government. When you get to be my age you will fully understand. Sincerely and respectfully John Wayne Coulter Tracy, Minnesota
