Comments: I am in support of keeping the Wilderness as stated in Alternative D. There are many places for people to recreate, do we have to have access to everything? There is only so much land in our vast state, who thought we would be saying that?

It is our duty to protect the land for original inhabitants, which is not us! As our population grows we need to pay attention to the higher occurrence of disrupting use and disturbing of wild animals and nature. Our unleashed dogs, fast mountain biking, ATVs are taking their toll on nature.

Protect this land in a wilderness designation!
