Comments: I am supporting bikes belonging on all trails in the greater Lionshead and Henrys Lake Mountains. My family has been visiting the area for over 20 years enjoying the beautiful settings of these special mountains. We fish the streams and ride the trails.

In this time we have experienced zero conflicts with other trail users. The bike community has represented trail advocacy thru volunteered time better than any other user group here in these mountains.

We have seen first hand over time the positive impacts to recreation and the local economy that the mountain biking community has brought to these trails.

I strongly believe that the BIKES BELONG.

Thank you.
