Comments: I support the Gallatin Forest Partnership Agreement.

Continued access by mountain bike in the Lionhead is very important to me, and I volunteer my time to maintain trail quality and proper trail management by users. I feel that mountain bikers have been the best stewards of this trail access area.

I would like to see to see continued management of access by bikes in wilderness areas. Especially in the remote areas, mountain bike use is light on the land and does not impact the trail adversely, any more than access by foot or horse.
