Last name: LE MON

Organization: 82-2517441

Title:

Comments: I am an avid older single track motorcyclist. Living in Utah we enjoy access to great riding areas and also like to help on trail days hosted by local clubs and forest service. I am a strong proponent of keeping public land protected, while allowing access. A delicate balance but I believe it is a great solution as there is no other way for me in my older years to get into the back country soo easily and enjoyably. Please consider keeping trails open to motorcycles so I can come visit your great state.
