Comments: Dear Sirs:

I request the adoption of Alternative D of the Revised Draft Forest Plan with the preise of adding the entire 230,000 wilderness and roadless acres of the Gallatin Range as Recommend Wilderness in the final forest plan. Furthermore.

the plan must prohibit all motorized and mechanized uses, and any other activities not consistent with wilderness protection, in the Recommended Wilderness areas to preserve their wilderness character. The forest plan must end the ecologically destructive fish stocking in naturally fishless wilderness lakes, which significantly alters the areas' natural conditions.

Thank you for considering my comments,

Robert Havrilla
