Comments: Sirs and Madams,

As a resident of Montana since 1978 (originally from North Dakota), I wish to categorically hope that you all go for Option D in reference to the Custer-Gallatin 'revision' plan. We need wild, and really wild. I am an avid hunter, but the idea of sending 4 x 4 into the back country is an insult and infamy, in my opinion.

Best Regards, and choose right.

Thomas Goltz
