Comments: Hi friends, thanks so much for taking the time to read my comments about protecting the Custer Gallatin National Forest. I spend lots of time in and around the Custer Gallatin National Forest.. hiking, fishing, climbing, etc. This is truly a special area, and should be preserved as such for future generations. I wanted to comment specifically on the roadless areas in and around the Absaroka-Beartooth wilderness, ie: north fork, dome wilderness etc.. these need to stay wild, roadless, and stay a haven for wildlife.. and people. Montana wilderness is what makes Montana , Montana.. wild spaces, free from development, to be preserved for eternity. Thank you.

Sincerely,

Ted Porter
