First name: Joni

Last name: Harman

Organization:

Title:

Comments: Crazy Mountains.

As a non native person, I have been increasingly concerned with the rights of Native Americans to continue to practice cultural and spiritual traditions. Please preserve this area by allowing no further motorized and mechanized trails. Also please work in conjunction with the Crow Nation.

Absaroka-Beartooth Wilderness

Please protect the roadless areas surrounding this area. It is a place my family and I treasure and I hope that my grandchildren can enjoy as we do.

I ask that you implement the Gallatin Forest Partnership agreement to ensure north south connectivity.
