Title:

Comments: I am writing to ask for your support in preserving our wilderness areas. My family and I have been fortunate for over thirty years now, as we have found our happiness, peace, and undying respect for natural areas in hiking throughout the Absaroka-Beartooth Wilderness, and every place in between and beyond.

Our son has taken this a step farther and recently wrote a book on wilderness and the endless reasons as to why it has become an urgent issue to preserve these natural areas particularly in this day and age.

Please consider what these lands represent for the entire ecosystem that they envelope, and for the myriad of organisms that call them home.

Sincerely,

Nan L. Burritt
