Organization:

Title:

Comments: I have taken many gratifying trips to various locations in eastern Montana and Custer Gallatin National Forest, having married into a Miles City family who had owned ranchlands near Ekalaka and the Powder River.

Please treat recommended Wilderness Areas as designated Wilderness, so they will not be disrupted and harmed by motorized vehicles, including the roadless areas in the Pryor Mountains, the currently recommended Wilderness in the Lionhead, and in the Absaroka Beartooth area and the Tongue River, Cook Mountain, and King Mountain in the Ashland area. Please work with the Crow Nation in management of the Crazy Mountains to protect their wilderness character.
