Comments: Regarding the draft management plan for the Custer Gallatin National Forest, I ask that you:

Manage recommended Wilderness in the same way that designated Wilderness is managed, with no motorized or mechanized use.

Manage the Tongue River Breaks, Cook Mountain, and King Mountain as recommended Wilderness.

Protect wilderness values in the Crazy Mountains, and work closely with the Crow Nation regarding management.

Retain the areas current recommended Wilderness areas in the Absaroka Beartooths, and also include Dome Mountain, Chico Peak, Emigrant Peak, Red Lodge Creek, Woodbine, and East Rosebud to Stillwater as recommended Wilderness.

Designate as recommended Wilderness the following roadless areas in the Pryors: Lost Water, Big Pryor, Bear Canyon, and Punch Bowl.

Thank you!
