First name: Dave

Last name: Colavita

Organization:

Title:

Comments: Forest Managers:

Roadless areas within the Forest should remain roadless -- we have plenty of roads already.

Managers should help ensure that areas recommended for Wilderness designation are managed to preserve the potential for that status -- no mechanical transportation -- until a decision on their wilderness designation is made.

Similarly, please ensure that the character of Wilderness Study Areas are maintained until such time as Congress renders a decision about their inclusion into the National Wilderness Preservation System.

Thank you.

Dave Colavito
