First name: Edward

Last name: Callaghan

Organization:

Title:

Comments: I would like to see as much of the Custer Gallatin National Forest remain in or be moved to remote and Wilderness status, mostly so large and migrating animals have connected corridors and large contiguous tracts where interference from humans is minimal and motorized traffic and roads are non-existent. These are the places I like to travel, but quietly on foot, imagining the landscape as Native Americans or Lewis and Clark saw it.
