Comments: Howdy U.S. Forest Service!,

We'll keep this short and sweet.

We support the Gallatin Forest Partnership agreement for the Custer Gallatin N.F. management plan.

In addition we would like to see the Crazy Mountains protected as Crow Tribal member Shane Doyle states, "We want to preserve a sacred space for the Crow Tribe. Those mountains are like a big church." Therefore we also support the Park County Environmental Councils input on the Crazies.

Thank you so much,

Matt and Michelle Stash
