Comments: I would like to voice my support for the Gallatin Forest Partnership agreement. It is refreshing to see different interest come together on a common vision for our public lands. As an avid hunter, skier, and mountain biker I would like to see furthered protections for wilderness and even additions to wilderness. All while retaining current access for cyclist, especially the lion head, and centennial, hyallite, and Bridger mountains areas. I was born here and grew up skiing, hunting, riding, and camping in these special places. My father toured me through these areas and I plan to do the same with my children. And hope that these areas are protected for my children's children to do the same.

Thank you
