First name: Brent

Last name: Wheeler

Organization:

Title:

Comments: This area deserves to be used by the people that own (April 15th) and have used it for activities for years. Closing any areas down does nothing but ruin areas for usage, we as users are respectful to our areas and treasure them beyond belief! As an avid snowmobiler, dirt biker, atver, Hunter, fisherman and anything else that happens outdoors I must say that no good will come from more closures of prime area for human beings to enjoy with our technology.
