Title:

Comments: Hi,

My name is Jackie Miller. I'm a 5 th generation Bozemanite. Growing up in SW Montana was a fairy tale childhood. I was raised with the outdoors as a way of life. I use public lands for hiking, mountain biking. Dirt biking, and horseback. During my dirt biking and horseback experience we are able to get further back than 99% of the public.

When I approach a I Amal's on my Dirtbike they stop and watch not concerned with my presence. The non motorized community thinks the animals are terrified by is. They only show concern when I shit off my bike. They are then gone Immediately. Don't close out motorized access PLEASE
