Title:

Comments: Please protect this wild land for my grandchildren and our Montana heritage by maintaining current boundaries in the lion head. Retain the recommended wilderness in Ansarika Nearthooth area as well as Emigrant Peak the area from the east rosebud to the Stillwater

I grew up fighting with my dad on the Stillwater and want to share that wild beauty for generations

The wilderness management should limit use to horse and foot travel and ban mechanized use to protect the fragile ecosystems

Thank you

Heather
