Title:

Comments: To whom it may concern,

We ride these areas a ton in the winter. Its how we spend the winter. Friends, good time and memories. My husband and i both just purchased new snowmobiles. If you close this down, we will lose a love of ours. We love Montana and enjoy everyrhing this state has to offer. Along with the freedom that the Big Sky gives you. If this goes through, we will have to travel to ID or WY to sled. That means hotel, food, gas, permits. All going out of state. Please let us continue to enjoy the comfort of our own backyard.

Thank you
