Comments: Some of the happiest days of my life have been spent in the Beartooths and Absarokas. I think it is vital to protect wilderness to ensure that everyone can enjoy mountains regardless of what activity they want to engage in. I regularly spend weekends in the Custer Gallatin and it would be heartbreaking to see it unprotected and potentially exploited. Please continue to protect these wilderness areas and extend protections for future wilderness areas. For many of us these places are sacred and worth saving.

Thank You
