Title:

Comments: To Whom it May Concern:

I am writing to urge you to protect the roadless areas in the Pryor Mountains and to retain areas currently recommended for wilderness, allowing only foot and horse travel in those areas.

We have so few acres of wild places left in this world--so few places where we can experience solitude and peace--so few places where wildlife can live without constant harassment from the human species. Please save these wild places for my children, my children's children, and for future of mankind. Thank you.

Julie Ellison
