First name: Virginia

Last name: Pueringer

Organization:

Title:

Comments: Pryor Mountains: This place is a gem. Our family and friends have gone there innumerable times to see horses, hike canyons, enjoy the various landscapes and environments. It is Montana and Wyoming the way it used to be, before overgrazing, overwatering, and oil derricks and mines stripped it to weeds, salt and desert. Once it is gone. Its gone for future generations; we can't go back.
