Comments: Dear Gallatin National Forest:

I had one of the best backpacking experiences I've ever had in the Crazy Mountains, and caught one of the biggest rainbows I've ever caught in my life there.

It's easy to recognize why the Crow people have for time immemorial have considered this place sacred. Please protect the Crazy Mountains to preserve their outstanding wilderness values.

And please support the Gallatin Forest Partnership proposal. It makes sense for the last unprotected area of the Greater Yellowstone Ecosystem at a time the GYE is experiencing a population boom. I cross-country ski and fish in the Gallatins regularly, and I support this proposal.

Sincerely,

Beth Kampschorr
