Title:

Comments: I have spent many years hiking much of the Custer Gallatin National Forest. The following areas are valuable for their wilderness qualities and wildlife habitat, providing clean air, clean water, and human enjoyment. We are so fortunate to live in one of the last remaining wild areas of the lower 48. I hope that we can maintain the wilderness character for future generations.

I support wilderness designation for areas of the Crazy Mountains in accordance with the Crow Nation.

I support wilderness for the roadless areas of the Pryor mountains.

I support wilderness designation for the Gallatin crest, which I have traveled on foot several times.

I support retaining currently recommended for Wilderness in the Absaroka Beartooth area, and additionally recommend Dome Mountain, Emigrant Peak, Chico Peak, Woodbine, East Rosebud to Stillwater, and Red Lodge Creek.

Thank you for considering my comments,

Vicki Saab
