Title:

Comments: As a private citizen that lives near and recreates on the CGNF several times per week including mountain biking, hunting, hiking, camping, backcountry skiing, and running, I do not support the Gallatin Forest Partnership. The big greens made a deal with the mountain bikers to further degrade the Gallatin Range with mountain bikes. The whole Gallatin Range within the WSA should be designated Wilderness. We have to take the long view protect public land for future generations and for wildlife.
