Comments: To whom it may concern ,

My name is Monte and I am a resident who lives in the great state of Montana. I am writing to show how strongly I feel about preserving about our national parks and public lands. This has been a #1 issue of mine since I was little. I guess it's being born and raised in mountains that make you feel pure at heart. We need more protection than ever before to preserve these sacred parks and the natural beauty throughout native land. There is to much bureaucracy and money in today's politics that make it possible to make an edge wise to counter it. Please accept this letter as another voice to be heard in this truly serious matter

Sincerely,

Monte Vogel
