Comments: Custer Gallatin Forest Plan Revision #50185

To whom it may concern,

Sorry I am late to send this. I live in Utah all of my family is snowmobilers and we love to ride and travel. The mountains in Custer are absolutely beautiful and we can't wait to get out there and ride with some of your local guides soon. Please consider keeping as much terrain open to snowmobiling as possible. We plan to come and bring money for guides, lodging, and restaurants soon.

Thanks,

The Knapps
