Comments: I am an area landowner and forest user. i have reviewed the proposal and am in favor of this management plan. i hope you take into consideration all the recreational users in the area, the viewsheds and the impact all the 'tourists'ie equine users have in the area in addition to the seasonal homes and residents. Trucking should also be considered as the roadway here are very narrow and not subject to heavy duty trucking.

I would appreciate being kept informed & look forward to working with you.
