Comments: Proposed Target Range- Project 54559

My comments are regarding the proposed target range (File code 1950) for Union County, GA. I am opposed to this project due to the noise pollution created by shooting ranges. I have nothing against gun ownership, but the peace and enjoyment of a large area is disrupted by frequent firing of firearms. The lead waste from the shooting is also a significant concern.

Thank you for the opportunity to comment.

Best regards,

Mary Bunch
