Comments: i want all 10 sheep herds out of the wilderness. i want wilderness to be for nature. i dont want to bwe a slave taxpayer so that sheepherders can use mynational land for their profiteering. let them rent land from private landholders. our natioal land shoudl be fornature, trees and animals and birds.

this is a profiteering operation and does not belong in a wilderness, it does not belong on national land at all.throw these profiteers off our national land immediately. they arejust lousy leachewrs on national land. tehy dont belong there. we are not getting any benefit from this land being misused for these profiteers. throw them off the land. put wilderness back into practice. it is wildernessand wilderness if not sheep herds. it is native nature that grow there naturallym, not a slaughterhouse for sheep by loousy profiteers.
