Comments: I always expect the opposite of what I want... I expect trail loops to be broken or segmented to loose their usefulness. I expect areas to be permanently "temporarily closed". I expect to be harassed and interrogated when I have done nothing wrong. I expect trails to be eliminated during periods of motorized use growth so as to be able to list the remaining trails as "overused" and subject to closure. I expect new trails to be for non motorized. I expect bicycle/hikers to get more trails, but pay no fees. "Change my mind"
