Comments: In addition to the wilderness landscapes which are included in the San Juan Mountains portion of the CORE Act, none of the other areas proposed for wilderness eligibility by the Community Conservation Proposal (CCP) were listed for this eligibility in the GMUG revision draft. I would request that you reconsider the input sent to you by local residents/ users of these public land through the CCP and add to the list of areas to be considered in the future for addition to wilderness areas: Mt Baldy, Bear Creek, Abram and Brown Mountains and Hayden Mountain.

Thank you.
