

Data Submitted (UTC 11): 9/10/2019 12:25:23 AM

First name: Shawn

Last name: Stewart

Organization: Montana Fish Wildlife and Parks

Title: FWP Wildlife Biologist Wildlife Division R5

Comments: Dan,

Phase Two does not appear to create significantly different potential wildlife impacts than the original proposal. As such, continuation of the previously assigned wildlife mitigations would appear to be appropriate.

Thanks

Shawn T. Stewart
