Comments: Thank you for the opportunity to comment on this project.

Having skied Loveland for the last 22 years we have enjoyed numerous years of quality skiing/snowboarding. We even had the opportunity to teach our kids to ski at the mountain. Every year they look forward to numerous trips to Loveland with their friends on weekends, as well as with Gilpin Snow Dodgers.

I think increasing the speed and capacity of Lift 6 is a great idea. On windy days it is our "Go to" lift to try to get out of the wind, just as it is for everyone. Increased capacity seems to make sense with the increase in the population of Colorado too. Also, the lift is 42 years old? It seems like it might be a good time for an upgrade.
