Comments: DO NOT DO THIS!!!! We travel and camp this road frequently. we are responsible and the use of our natural spaces is our right! The road is already there and enjoying our beautiful rim country is our right!!!! This brings revenue for the rim country towns as well and if this goes into effect, the travel between camp verde and payson will be hurt! why go up there if you cant go out into the woods. Why get the group of friends to camp up there if you cant travel parts of the road and explore. I will pay a permit if thats what you want! road 300 complete travel between payson and camp verde is an amazing natural and beautiful experience! This will harm all of us if you do this!!!! WE THE PEOPLE WILL NOT TAKE IT LYING DOWN, THIS IS OUR LAND!
