Comments: To whom it may concern:

I am writing to voice my opposition to closing any part of Rim Road (FR 300). This historic road is important for the current multi-use activities of the forest. More importantly, the beauty and access provided by FR300 help bring the love of the outdoors to those who have not truly experienced it.

I remember being inspired by my time on the Rim as a child that kindled my lifelong love of the outdoors which I have subsequently passed onto my near-adult children. Closing any section of FR300 make it more difficult to pass this only to the next generation as it is truly spectacular.

While I appreciate the desire to increase roadless areas, the historic FR300 should not be one of the roads closed.
