First name: Charles

Last name: Layne

Organization:

Title:

Comments: As a native to AZ and an outdoorsman, this is terrible news. I was taken on the rim road (300) as a child by my grandfather, have since taken my children and hoped to always explore it with my family for years to come.

To close this would be a state disaster and an example of government overreach into our peoples land.

Do the right thing and let us enjoy our natural wonders and Rim Road 300!
