Comments: NO, NO, a thousand times no! Don't block public access to the RIM ROAD! That's the only way 90% of the citizens will get to enjoy the area. Try instituting some citizen awareness & citizen informant action to stop trash violations, etc. Most of the visitors are disgusted with that behavior. Hefty fines would help, too. Post signs, big noticeable signs, at both ends of the Rim Road! We want to KEEP ACCESS TO OUR FORESTS! Certainly, it makes it easier to manage for you all the less we have iaccess, but that policy is just WRONG!
