Title:

Comments: I am a Police Officer in Southern Arizona. I understand the importance of protecting our lands. As A responsible person, A reasonable person and a good steward of our lands. It is important for us to be able to travel, camp, hike and drive our recreational equipment into these areas. I have a neighbor who is physically impaired places. She takes the most incredible pictures and it is helpful to take her on Jeep and UTV trails. Do not close these trails please.
