Title:

Comments: The forests belong to We The People. Access to them belongs to We The People. These forests were held for the people so they might enjoy them, closing them makes it impossible for us to enjoy our State's resources. I pay for OHV tags, offroad tags, camping, State Permits. I pay this GLADLY because I'm able to get out into our nature preserves and enjoy what our creator gave us. Closing these areas will result in backlash. Some will cut locks and travel them any way. It's not fair to those of us who have paid all their lives to keep up our forests to be "locked out" of them.
