Comments: I grew up on Rim road. I learned how to drive on rim road. I saw my first elk on Rim road, and when I want peace from the rest of the world, that's where I go to drive and hike. To close it, would be unthinkable. We go "4wheeling" every Thanksgiving and Christmas morning on Rim road. I grew up in Summer Pines, less than a mile away. Don't take this place from us, you're already destroying more and more to make room for more asphalt and houses. Please give us this one, and Keep Rim Road OPEN.
