First name: Stan

Last name: Stellwagen

Organization: AZ Elk Society

Title: Life Member

Comments: As a 4th generation native to arizona, and sportsman, outdoorsman, I would like you to consider not closing the fs300 road, due to sportsman and users of the land.Closing the road is not a way to manage it, consider other ways tp manage the road ,Not by closing it and not being able to have the public use it, This land is owned by the public and not my the forest service, you only manage it, and need public vote to do any thing with it.

Please consider not closing it.
