Title:

Comments: Hello, I know I am not from your area but I usually spend 1-2 months on vacation in Colorado per year. The recent closures of trails to motorcycles in the Rico area was really disappointing.

I believe the area is really a hidden gem for motorcycle riding and riders bring revenue to the surrounding communities.

I would love to see new motorcycle routes in the spring creek area.

Having a reroute in the Ryman area would be really great to have.

Improving the Circle trail for non-motorized users would be excellent.

Thank You

Jason Wright
