Comments: Please do not close the Mogollon Rim road to vehicles.. My family takes a biannual trip just to drive and stay in this beautiful part of our state. Restricting access to this road by closing it would be a travesty to myself, my family and future generations by not allowing them access to one of the most beautiful parts of our state. I implore you to please not close this road to motorized vehicles and rob us all!

Sincerely,

A concerned resident
