Comments: I'm writing to provide comments on the "Rico Trails Project". I strongly support the reroute on Lower Ryman and hike it regularly. I think the Rio Grande Southern Trail is a great idea! I love hiking around Rico and this would be a great "easy" hike/ski/snowshoe! I look forward to going on the Circle Trail what a great idea to provide a trail from Rico to the Colorado Trail.

I don't know enough about the Spring Creek trail or the changes suggested to comment.

Sincerely,

Marianne Mate
