First name: Daniel

Last name: Giencke

Organization:

Title:

Comments: These roads are vital to the outdoor and hunting communities. Please don't shut down our roads. This will only further hinder the recreational activities that have relied on them causing a loss of revenue to maintain it all. I know us hunters and outdoors people would be happy to increase a fee to help maintenance costs or to supplement whatever may be needed instead of closing these roads thank you for your time.
