Title:

Comments: I support the FULL scoping project, which includes the Rio Grande Southern/Galloping Goose, Ryman Trail, Circle Trail, and the Spring Creek Connector.

The expansion of Rico's trail systems will make them more accessible to all for exploration of Rico's unique and beautiful surroundings.

the Rio Grande Southern trail will provide some of the only beginner-level, family-friendly access in the Rico area. The trail will also provide safe on-trail access from Rico to other popular area trails including Salt Creek.
